

# School Covid-19 Risk Assessment & Checklist

<b>School:</b>	<b>Pear Tree School</b>
<b>Address:</b>	<b>29 Station Road, Kirkham, PR4 2HA</b>
<b>Completed by:</b>	<b>Kate Walker - Headteacher</b>
<b>Date:</b>	<b>1/9/2021 23/9/21 30/11/21 4/1/22</b>
<b>Proposed review date:</b>	<b>17/9/2021 22/10/21 17/12/21 26/1/22</b>

## Instructions

As an employer, you must by law protect workers and others from risks to their health and safety. This includes risks from COVID-19.

COVID-19 is a workplace hazard and it must now be managed in the same way as other workplace hazards. This includes:

- completing a suitable and sufficient assessment of the risks of COVID-19 in the workplace and
- identifying control measures to manage the risk.

**Failure to carry out a suitable and sufficient risk assessment and put in place sufficient control measures may be considered a breach of health and safety law.**

You must regularly review and update your risk assessments - treating them as 'living documents', as the circumstances in your school and public health advice changes. This includes having active arrangements in place to monitor whether the controls are effective and working as planned. For more information on what is required of school leaders in relation to health and safety risk assessments and managing risk, see the advice on the government website: [health and safety advice for schools or the Health and Safety webpages via the Schools Portal](#).

**Amendments are highlighted in yellow**

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
<p><b>Reduce the risk of the virus spreading through aerosols</b></p>		
<p>When school is in operation, it is important to ensure it is well ventilated and that a comfortable teaching environment is maintained. Arrangements should balance the need for increased ventilation while maintaining a comfortable temperature.</p> <p>Schools should follow LCC's <a href="#">Simple Steps for Good Ventilation guidance</a> and complete the <a href="#">Ventilation Checklist</a>.</p> <p>Specialist advice and assistance on ventilation measures can be obtained from the Building Services Engineers <a href="mailto:duty.engineer@lancashire.gov.uk">duty.engineer@lancashire.gov.uk</a>.</p>		<ul style="list-style-type: none"> <li>• The Ventilation Inspection Checklist has been completed and is attached as an appendix to the "COVID Secure Risk Assessment".</li> <li>• Any required actions as an outcome from the ventilation inspection have been implemented or are being progressed accordingly (see details in action plan section).</li> <li>• In accordance with the ventilation checklist school will ensure that appropriate ventilation is available in all occupied spaces.</li> <li>• Any areas identified with poor ventilation have been raised with the building services engineer.</li> </ul>
<p><b>Reduce the risk of the virus spreading through social contact</b></p>		
<p>COVID-19 can still be spread through social contact. The risk can be mitigated by reducing the number of people staff and pupils come into contact with during the day.</p> <p>It is no longer necessary to keep children in consistent groups ("bubbles"). This means that assemblies can resume, and there is no longer a need to make alternative arrangements to avoid mixing at lunch.</p> <p style="background-color: yellow;">Where possible, meetings should be attending remotely unless there is a specific need identified for face to face attendance.</p>		<ul style="list-style-type: none"> <li>• New guidance indicates that there are no restrictions in place for schools however, due to the vulnerability of the pupils at Pear Tree School, the school will endeavour to keep class groups consistent wherever possible.</li> <li>• The school will limit class groups mixing</li> <li>• Class groups are able to mix for music and PE sessions but must remain within upper or lower school groups</li> <li>• Staff are able to move between class groups if required</li> <li style="background-color: yellow;">• Reminders to visitors to take an LFD test prior to arriving at school</li> </ul>

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
<p>Only essential visitors will be allowed access to the school during the school day. All visitors will be encouraged to do a LFD test prior to attendance and will be required to wear a mask for the duration of the visit.</p>		
<p><b>Maintain good hygiene throughout the day</b></p>		
<p>Effective hand washing your hands is one of the easiest ways to protect yourself and others from illnesses such as Covid-19.</p> <p>Washing your hands properly removes dirt, viruses and bacteria and prevents them spreading to other people and objects which in turn can spread illnesses such as Covid-19.</p> <p>Public Health England provides best practice <a href="#">guidance on how to wash your hands</a></p>		<ul style="list-style-type: none"> <li>• Staff, pupils and visitors are instructed to wash hands or use hand sanitiser regularly throughout the day particularly when they arrive at school, when they return from breaks, when they change rooms, before and after eating, after using the toilet, after touching shared resources or after touching their face, blowing their nose, sneezing, coughing;</li> <li>• Hand washing facilities are readily available. Where hand washing facilities are not readily available, hand sanitiser stations have been positioned to allow pupils and staff to clean their hands regularly. Skin cleaning wipes have been made available for use with very young pupils or pupils with complex needs;</li> <li>• Staff have frequent opportunities to wash their hands when providing care to non-symptomatic children who present behaviours which may increase the risk of droplet transmission such as biting, licking, kissing or spitting.</li> <li>• Pupils are reminded how to catch coughs and sneezes if a tissue is not readily available i.e. in the crook of the elbow rather than in the hands;</li> <li>• Posters display good hand washing technique and government guidelines on good respiratory hygiene;</li> </ul>
<p>Issue: 7 Issued by: H&amp;S Team</p>	<p>School Covid-19 Risk Assessment &amp; Checklist Page 3 of 14</p>	

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
		<ul style="list-style-type: none"> <li>• Staff supporting others to evacuate are aware of the need to follow hand washing or sanitising instructions.</li> <li>• First aiders will pay particular attention to sanitisation measures immediately before and following the administration of first aid.</li> <li>• Staff who have assisted someone who has taken unwell with COVID-19 symptoms are aware of the need to follow appropriate handwashing guidelines.</li> <li>• Staff handling deliveries will observe good hand hygiene.</li> </ul>
<p><b>Reduce the risk of the virus spreading through contact with contaminated surfaces</b></p>		
<p>COVID-19 can still be spread through touching contaminated surfaces.</p> <p>An appropriate cleaning schedule must be in place and maintained. This should include regular cleaning of areas and equipment (for example, twice per day), with a particular focus on frequently touched surfaces.</p> <p>Where cleaning is required after a known or suspected case of COVID-19, refer to the <a href="#">guidance on cleaning in non-healthcare settings</a>.</p> <p>Provide extra non recycling bins for the disposal of single use face coverings and PPE.</p> <p>Refer to the <a href="#">guidance on how to dispose of personal or business waste including face coverings and PPE</a>.</p>		<ul style="list-style-type: none"> <li>• The school has employed an additional school cleaner throughout the school day.</li> <li>• An enhanced cleaning schedule is in place. A documented cleaning checklist identifies cleaning requirements and individual responsibilities.</li> <li>• Rooms/shared areas are cleaned regularly; at least twice day.</li> <li>• Repeatedly touched objects such as railings/bannisters, door and window handles, taps, desk/tabletops, computer equipment, MFDs, telephones and toilet facilities are frequently cleaned.</li> <li>• Classroom based resources that are shared such as books, play equipment, toys, sports equipment, outdoor play equipment, art and science equipment are cleaned regularly.</li> <li>• Where non-symptomatic children present behaviours which may increase the risk of droplet transmission such as biting, licking,</li> </ul>

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
		<p>kissing or spitting there will be increased vigilance of cleaning of frequently touched surfaces.</p> <ul style="list-style-type: none"> <li>• Staff and pupils are encouraged to have their pens and pencils to avoid the need to share items that cannot be easily cleaned;</li> <li>• Unnecessary sharing including the sharing of items that do not contribute to a pupil's education or development is discouraged;</li> <li>• Staff have been instructed on cleaning and sanitising requirements including the use of chemicals and cleaning materials and instructions on the use of PPE;</li> <li>• Waste cleaning materials are disposed of in the usual way unless it is confirmed or suspected that they are contaminated as a result of a member of staff or pupil displaying symptoms. School follows the procedures set out in the Government guidance <u>Cleaning in Non-Health Care Settings</u> following a confirmed or suspected case of COVID-19 on site;</li> <li>• Contaminated or suspected contaminated waste is double bagged, labelled and stored for 72 hours before being disposed of with general waste;</li> <li>• Where it is not possible to store waste for 72 hours, arrangements will be made for collection by the school's specialist clinical waste contractor;</li> </ul>
<p><b>Personal protective equipment &amp; face coverings</b></p>		
<p>Face coverings should be worn in communal areas <b>in all settings</b> by staff, visitors and pupils or students in year 7 and above, unless they are exempt.</p>		<ul style="list-style-type: none"> <li>• Staff, pupils, visitors and pupils in year 7 and above are required, where possible, to wear face coverings in communal areas and on public and dedicated transport to school.</li> </ul>
<p>Issue: 7 Issued by: H&amp;S Team</p>	<p>School Covid-19 Risk Assessment &amp; Checklist Page 5 of 14</p>	

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
<p>It is recommended that face coverings are worn in classrooms where pupils in year 7 and above are educated. This does not apply in situations where wearing a face covering would impact on the ability to take part in exercise or strenuous activity, for example in PE lessons or whilst outside.</p> <p>Pupils or students (in year 7 or above) should continue to wear face coverings on public and dedicated school transport, unless they are exempt.</p> <p>Additional PPE for COVID-19 is only required in a very limited number of scenarios:</p> <ul style="list-style-type: none"> <li>• <a href="#">if an individual child, young person or student becomes ill with COVID-19 symptoms and only then if close contact is necessary</a></li> <li>• when performing <a href="#">aerosol generating procedures (AGPs)</a></li> </ul> <p>Non-symptomatic children who present behaviours which may increase the risk of droplet transmission such as biting, licking, kissing or spitting or who require care that cannot be provided without close hands-on contact, should continue to receive care in the same way as before COVID-19, including any existing routine use of PPE.</p> <p>No additional PPE should be necessary because staff are dealing with non-symptomatic children in a non-healthcare setting, therefore the risk of viral transmission is very low.</p>		<ul style="list-style-type: none"> <li>• Staff will continue to wear PPE when supporting children in Moving and Handling, Personal Care, 1:1 feeding and for some RPIs (this will be indicated on the child's individual risk assessment)</li> <li>• Pupils in year 7 and above are required to wear a face covering in classrooms.</li> <li>• Staff in all classrooms are required to wear a face covering whilst pupils are present due to most pupils being unable to wear a face covering and unable to practise social distancing.</li> <li>• Staff who are already using PPE to protect against non-COVID-19 risks, will continue to do so. Use of PPE has been determined by an assessment of risks in the workplace.</li> <li>• Staff, pupils and visitors are required to wear face coverings in enclosed and crowded spaces where they may come in contact with people they don't normally meet including public and dedicated transport to school.</li> <li>• Additional PPE is required when supporting pupils with an AGP. This will be indicated on the pupil's individual risk assessment.</li> <li>• First Aiders have read and follow the <a href="#">Government guidance for first responders</a> and the <a href="#">HSE Guidance on First Aid during the coronavirus pandemic</a>.</li> <li>• When caring for someone with COVID-19 symptoms a face mask, gloves and apron should be worn. Social distancing measures should be adhered to if possible.</li> </ul>
<p>Issue: 7 Issued by: H&amp;S Team</p>	<p>School Covid-19 Risk Assessment &amp; Checklist Page 6 of 14</p>	

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
<p><b>Delivering First Aid to pupils</b> Children and young people who require first aid should continue to receive care in the same way. No additional PPE is needed because of COVID-19 for anyone who does not have symptoms.</p> <p>First Aiders should familiarise themselves with the <a href="#">Government guidance for first responders</a> and the <a href="#">HSE Guidance on First Aid during the coronavirus pandemic</a>.</p> <p>The safe removal of PPE is a critical consideration to avoid self-contamination. Staff should familiarise themselves with the Government <a href="#">guidance on the use of personal protective equipment</a>.</p> <p><b>Disposal of PPE</b> Disposal of used PPE and other waste should be in line with <a href="#">cleaning non-healthcare settings outside the home</a>.</p> <p>Settings such as special schools that generate clinical waste should continue to follow their usual waste policies.</p>		<ul style="list-style-type: none"> <li>• Additional PPE is made available in First Aid boxes and alongside Defibrillators.</li> <li>• Disposable gloves, an impermeable apron and a fluid resistant surgical face mask are to be worn when delivering hands on first aid to adults where close contact cannot be avoided. If a risk assessment indicates the likelihood of contamination by splashes, droplets of blood or body fluids, disposable eye protection (such as a face visor or goggles) will be worn.</li> <li>• Staff are aware of the need to report insufficient levels of PPE to their line manager.</li> <li>• Disposable gloves and impermeable aprons must be worn when cleaning areas that have been occupied by someone displaying COVID-19 symptoms.</li> <li>• Staff are aware of the arrangements for the safe use and disposal of PPE including face masks/face coverings.</li> </ul>
<b>Protecting people at higher risk of infection</b>		
<p>There are some groups who are at higher risk of severe illness from coronavirus. See guidance on <a href="#">who is at higher risk</a> and <a href="#">protecting people who are clinically extremely vulnerable</a>.</p>		<ul style="list-style-type: none"> <li>• The school works closely with parents of children who are extremely vulnerable to support a return to school, carrying out an individual risk assessment as necessary;</li> </ul>

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
<p>On-site provision should in all cases be retained for vulnerable children and young people and the children of critical workers. If settings must temporarily stop on-site provision on public health advice, they should discuss alternative arrangements for vulnerable children and young people with the Lancashire County Council.</p> <p>Further information is available in the guidance on <a href="#">supporting pupils at school with medical conditions</a>.</p> <p>Extra consideration needs to be given to workers facing mental and physical health difficulties. Those who are clinically extremely vulnerable are no longer advised to shield but must continue to be supported by discussing with them their individual needs and supporting them in taking any additional precautions advised by their clinicians.</p> <p>Please refer to <u>Government Guidance, Coronavirus (COVID-19): advice for pregnant employees</u>,</p>		<ul style="list-style-type: none"> <li>• An <u>individual risk assessment</u> has been completed for any staff member who is in a vulnerable category, significant risk factors or who is experiencing mental health issues due to COVID-19;</li> <li>• A <u>new &amp; expectant mother risk assessment</u> and <u>individual Covid-19 risk assessment</u> has been completed for all pregnant staff.</li> </ul>
<p><b>Reduce the spread of COVID-19 by ensuring people isolate when they are legally required to do so</b></p>		
<p>Close contacts will be identified via NHS Test and Trace and education settings will no longer be expected to undertake contact tracing. Managers and employees should refer to the government guidance <a href="#">NHS Test and Trace in the workplace</a></p> <p>An individual is legally required to self-isolate if they</p> <ul style="list-style-type: none"> <li>• have tested positive for COVID-19</li> <li>• have COVID-19 symptoms</li> </ul>		<ul style="list-style-type: none"> <li>• School will follow the guidance in the latest <u>PHE (Lancashire) Schools Resource Pack</u> which provides advice on managing positive cases and who to contact for help;</li> <li>• Staff and pupils are required to stay at home if they have COVID-19 symptoms and to seek a confirmation PCR test.</li> <li>• If anyone in school develops <u>COVID-19 symptoms</u>, however mild, they will be sent home and advised to take a PCR test. Any staff displaying symptoms will be mindful not to come into contact with</li> </ul>
<p>Issue: 7 Issued by: H&amp;S Team</p>	<p>School Covid-19 Risk Assessment &amp; Checklist Page 8 of 14</p>	

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
<ul style="list-style-type: none"> <li>• live in a household with someone who has symptoms, unless they're <a href="#">exempt from self-isolation</a></li> <li>• have been told to self-isolate by <a href="#">NHS Test and Trace</a></li> </ul> <p>Close contacts without symptoms are exempt from self-isolation if;</p> <ul style="list-style-type: none"> <li>• they are fully vaccinated</li> <li>• aged under 18 and 6 months</li> <li>• they are taking part in a vaccine trial</li> <li>• are not vaccinated for medical reasons</li> </ul> <p>Instead, they will be advised to take a PCR test and then LFD test every day for 7 days. Anyone whose PCR/LFD test comes back positive should isolate</p> <p>Children under 5 years are exempt from self-isolation and do not need to take part in daily testing of close contacts.</p> <p>The 10-day self-isolation period for people who record a positive PCR test result for COVID-19 has been reduced to 7 days when they get a negative LFD result on day 6 &amp; 7 of their isolation period.</p> <p>Refer to the latest government guidance <a href="#">Stay at home: guidance for households with possible or confirmed coronavirus (Covid-19) infection</a> for further information.</p>		<p>other staff. Any rooms they have used will be cleaned after they have left.</p> <ul style="list-style-type: none"> <li>• If a pupil is awaiting collection, they will be supported by a member of staff in full PPE outside if the weather is fine or in the sensory studio with the door left open for ventilation. The ozone machine will then be turned on to clean the room following the pupil's departure.</li> <li>• Staff and pupils identified as a close contact by NHS Test &amp; Trace will be required to take a PCR test but will not be required to self-isolate whilst awaiting the results.</li> <li>• Staff and pupils with a positive PCR test result will be required to self-isolate for 7 days (if they get a negative LFD result on day 6 and day 7) and will be supported to do so.</li> <li>• Customers, visitors and contractors are instructed not to attend site if they are displaying symptoms.</li> <li>• Due to the close working conditions at Pear Tree School, guidance for close contacts of household members also applies for class teams which is why a PCR test is recommended in this circumstance in addition to daily LFD tests.</li> </ul>
<p><b>Asymptomatic testing</b></p>		

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;">Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</p>
<p>Testing remains important in reducing the risk of transmission of infection within schools. That is why, whilst some measures are relaxed, others will remain.</p> <p>High School age pupils are asked to take an on-site LFD test on return from the school break.</p> <p>Staff in all education and childcare settings, should take one self-test at home either the evening or morning before they return after the school break, then continue to test twice weekly at home.</p> <p>Staff and High School age pupils should undertake twice weekly home tests whenever they are on site. Testing remains voluntary but is strongly encouraged.</p> <p>Schools are strongly encouraged to ask parents and other visitors to take a lateral flow device (LFD) test before entering the school.</p> <p>Even if someone has tested positive for COVID-19 within the last 90 days, they are strongly encouraged to take part in LFD testing on-site through ATS or at home once they have completed their isolation period for their prior infection</p> <p>Additional information on <a href="#">PCR test kits for schools and further education providers</a> is available.</p> <p><a href="#">The government sharing platform</a> provides information and guidance for schools on testing arrangements.</p>		<ul style="list-style-type: none"> <li>• Staff and High School age pupils are required to undertake twice weekly home LFD tests.</li> <li>• Pupils have undertaken 1 on-site LFD test on their return to school after the school break.</li> <li>• Staff are advised to take an LFD test at home the evening or morning before they return to school after the school break.</li> <li>• Parents and other visitors are asked to take a lateral flow device (LFD) test before entering the school.</li> <li>• Staff and pupils who have a positive LFD test are required to self-isolate and to seek a confirmation PCR test.</li> <li>• A separate risk assessment is in place for the LFD <a href="#">on-site testing programme</a> and <a href="#">home testing programme</a>;</li> </ul>
<p>Issue: 7 Issued by: H&amp;S Team</p>	<p>School Covid-19 Risk Assessment &amp; Checklist Page 10 of 14</p>	

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;">Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</p>
<p><b>Reduce the risk of transmission through vaccination</b></p>		
<p>Vaccines are the best defence against COVID-19. They help protect young people and adults, and benefit those around them. Vaccination makes people less likely to catch the virus and less likely to pass it on.</p> <p>To book a vaccination, please visit: <a href="https://www.nhs.uk">Book or manage a coronavirus (COVID-19) vaccination – NHS (www.nhs.uk)</a>.</p>		<ul style="list-style-type: none"> <li>• All eligible staff and students aged 12 and over are encouraged to take up the offer of the vaccine, including boosters.</li> </ul>
<p><b>Reduce the risk for visitors and contractors</b></p>		
<p>Provide clear guidance on how to reduce the risk of spreading COVID-19 to people when they arrive.</p> <p>Coordinate and cooperate with other occupiers, where the site and facilities are shared including landlords and other tenants.</p>		<ul style="list-style-type: none"> <li>• Site guidance on social distancing and hygiene will be explained to visitors, parents/carers and contractors on or before arrival. Site rules are prominently displayed at all access points, including sanitising, handwashing, social distancing, not entering if symptomatic etc.</li> <li>• Any visitor on site will be required to wear a face mask at all times</li> <li>• Annual reviews can now take place in person and families will be given the choice of whether to attend these in person or remotely.</li> </ul>
<p><b>Reduce the spread of COVID-19 during Educational Visits</b></p>		
<p>The travel list (and broader international travel policy) is subject to change and green list countries may be moved into amber or red. The travel lists may change during a visit and you must comply with international travel legislation and should have contingency plans in place to account for these changes.</p>		<ul style="list-style-type: none"> <li>• For any educational visit requiring travel on vehicles, masks must be worn by staff at all times and encouraged for pupils of secondary age or older</li> </ul>
<p>Issue: 7 Issued by: H&amp;S Team</p>	<p>School Covid-19 Risk Assessment &amp; Checklist Page 11 of 14</p>	

<p align="center"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p align="center"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p align="center"><b>Recommended Controls Measures</b></p> <p align="center"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
<p>You should undertake full and thorough risk assessments in relation to all educational visits and ensure that any public health advice, such as hygiene and ventilation requirements, is included as part of that risk assessment.</p> <p>Risk assessments should consider contingency arrangements for a number of possibilities including a participant developing COVID-19 symptoms during the visit or a member of staff having to self-isolate and being unable to attend.</p> <p><a href="#">General guidance</a> about educational visits is available and is supported by specialist advice from the <a href="#">Outdoor Education Advisory Panel (OEAP)</a>.</p>		<ul style="list-style-type: none"> <li>• International travel legislation will be complied with and contingency plans put in place to take into account the possible short notice changes to travel policy and restrictions.</li> <li>• A full and thorough risk assessment will be completed taking account of any public health advice, such as hygiene and ventilation requirements. The risk assessment will be approved depending on the visit type, either by the school/nursery or LCCs Educational Visits Team via Evolve prior to the visit taking place.</li> <li>• Risk assessments will consider contingency arrangements for a number of possibilities including staff having to self-isolate or participants developing COVID symptoms whilst on the visit.</li> <li>• The school will liaise with the venue/activity provider as part of the risk assessment process to ensure it has made its own assessment of the risk of COVID-19 and implemented suitable controls measures to prevent infection. Preliminary visits to the venue will be carried out if deemed necessary to check measures are place.</li> </ul>
<p><b>Keep pupils and staff safe when travelling</b></p>		
<p>Pupils (in year 7 or above) should wear face coverings on public and dedicated school transport, unless they are exempt.</p> <p>Up to date <a href="#">guidance on COVID-19 and school travel</a> is available from the School Transport team.</p>		<ul style="list-style-type: none"> <li>• The control measures for dedicated transport have been aligned as far as possible with the principles underpinning the system of controls set out in school including ventilation, cleaning and hygiene.</li> <li>• When travelling on public or dedicated transport pupils, staff and parents are expected and recommended to wear a face covering.</li> </ul>
<p><b>Managing a COVID-19 outbreak in school</b></p>		
<p>Issue: 7 Issued by: H&amp;S Team</p>	<p align="right">School Covid-19 Risk Assessment &amp; Checklist Page 12 of 14</p>	

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled? Yes or No</b></p>	<p style="text-align: center;"><b>Recommended Controls Measures</b></p> <p style="text-align: center;"><b>Control measures must be amended to reflect the circumstances of your workplace by removing, adding, or amending content below.</b></p>
<p>Please refer to <a href="#">PHE North West Schools Resource Pack</a> for advice on managing COVID-19 cases and outbreaks</p> <p>For support on outbreak management please contact; <a href="mailto:COVID19-HealthProtection@lancashire.gov.uk">COVID19-HealthProtection@lancashire.gov.uk</a></p> <p>School should have contingency plans outlining what action to take if pupils or staff test positive for COVID-19, or how school would operate if advised to take extra measures to help break chains of transmission.</p> <p>Guidance on what to include in contingency framework and information on what circumstances might lead to additional action, and the steps to work through, are contained the government guidance <a href="#">Contingency framework: education and childcare settings August 2021</a>.</p>		<ul style="list-style-type: none"> <li>• An outbreak management plan is in place outlining how the school will operate if there is an outbreak in the school or local area.</li> <li>• Support is obtained as required from relevant teams including Lancashire Public Health Education Outbreak Management team.</li> <li>• School continues to record COVID-19 related absence in accordance with the information contained within the <a href="#">PHE North West Schools Resource Pack</a>.</li> <li>• In the event of an outbreak any staff required to work from home will be supported to do so including ensuring they have suitable equipment, developing appropriate communication channels and looking after their physical and mental wellbeing.</li> <li>• A homeworking checklist and risk assessment has been completed for any staff working from home for a prolonged period which is reviewed on a 3-monthly basis.</li> </ul>
<p><b>Communication, consultation and training</b></p>		
<p>Employers have a legal duty to consult workers on health and safety matters.</p> <p>To help workers feel safe returning to work employers should consult with them on any health and safety measures that have been put in place to reduce the risk of COVID-19 spreading.</p> <p>Schools continue to engage with staff (including through trade unions and employee representative groups) to monitor and</p>		<ul style="list-style-type: none"> <li>• Clear and up to date information and guidance on how to manage the risks associated with Covid-19 is available via the schools portal and <a href="#">Government website</a>.</li> <li>• Staff are consulted when considering local arrangements.</li> <li>• Signage, posters and other instructions use simple, clear messaging to explain guidelines using images and clear language, with consideration of groups for which English may not be their first language.</li> </ul>

<p style="text-align: center;"><b>Potential hazards &amp; guidance on how to control them</b></p>	<p style="text-align: center;"><b>Do you believe the hazard is adequately controlled?
